

Multi-Jurisdictional Hazard Mitigation Plan
Data Collection Questionnaire
For Small Local Governments

County: Morgan
Jurisdiction: City of Stover
Return by: _____

Please complete this data collection questionnaire as accurately and completely as possible as this information will appear in the mitigation plan. A data collection questionnaire must be completed for each "jurisdiction" that wishes to be included in the plan. According to FEMA's definition a jurisdiction is any local government, including counties, municipalities, cities, towns, school districts, special districts, councils of government, and tribal organizations. Any of these entities as well as publicly funded colleges and universities that do not participate in the planning process **will not** be eligible applicants for FEMA mitigation funding programs. Please note: School Districts and other Educational Institutions should complete the Data Collection Questionnaire indicated "For School Districts and Educational Institutions".

Prepared by: Jennifer Micks

CAPABILITY ASSESSMENT & INCORPORATION OF EXISTING PLANS, STUDIES, REPORTS AND TECHNICAL INFORMATION

The purpose of this section is to collect information to document existing capabilities as well as determine existing plans, studies, reports, and technical information that may need to be incorporated in the mitigation plan. Although some of this information may have been captured in your previous mitigation plan, it is important to ensure this information is current in the plan update

Please indicate which of the following your jurisdiction has in place. For elements that do not pertain to your type of public entity, please indicate with "N/A". If applicable, please provide a completion date for the element. If your jurisdiction does not have a particular element, and a higher level of government has the authority pertaining to your jurisdiction, please indicate this in the comments column. If your jurisdiction has any of the **underlined and bolded** elements, please provide a copy of the document to the contact listed on the front and indicate method in the comments column (i.e. available on the web, will email or mail).

Element	Yes, No, N/A	Comments and/or Weblink
Planning Capabilities		
Comprehensive or Land-Use Plan	N/A	Date:
Capital Improvement Plan	N/A	Date:
Transportation Plan / Highway Department	N/A	Date:
Emergency Operations Plan	N/A	Date:
Local Recovery Plan	N/A	Date:
Debris Management Plan	N/A	Date:
Firewise or other fire mitigation plan	N/A	Date:
Economic Development Plan	N/A	Date:
Policies/Ordinance		
Zoning Ordinance	NO	
Building Code	NO	Version:
Floodplain Ordinance	yes	Date:
Drainage/Stormwater Ordinance	NO	
Site Plan Review Requirements	N/A	
Historic Preservation Ordinance	NO	

Element	Yes, No, N/A	Comments and/or Weblink
Program		
National Flood Insurance Program (NFIP)	yes	
NFIP Community Rating System (CRS) program	N/A	If so, what is your current level rating?
National Weather Service (NWS) Storm Ready Certification	NO	
Firewise Community Certification	yes	
Building Code Effectiveness Grading (BCEGs)		
ISO Fire Rating	Rating:	
Public Education or information programs (i.e., responsible water use, fire safety, household preparedness, or environmental education)	NO	
Mutual Aid Agreements	yes	911 - police
Studies/Reports/Maps		
Critical Facilities Inventory	yes	
Vulnerable Population Inventory		
Staff/Department		
		Full Time or Part Time?
Building Code Official / Building Inspector	NO	
Engineer	yes	
Development Planner	NO	
NFIP Floodplain Administrator	yes	
Mapping Specialist (GIS)	yes	Morgan County
Public Works Official	yes	
Emergency Management Coordinator	yes	
Local Emergency Planning Committee	NO	
Sanitation Department	NO	
Highway/Transportation Department	NO	
Economic Development Department	NO	
Housing Department	NO	
Historic Preservation	NO	

Element	Yes, No, N/A	Comments and/or Weblink
Non-Governmental Organizations (NGOs)	Is there a local chapter? Yes or No	
American Red Cross	NO	
Salvation Army	NO	
Veterans Groups	YES	
Local Environmental Organization	NO	
Homeowner Associations	NO	
Neighborhood Associations	NO	
Chamber of Commerce	YES	
Community Organizations (Lions, Kiwanis, etc.)	YES	
Financial Resources	Is your jurisdiction able to? Yes or No	
Apply for Community Development Block Grants	yes	
Fund projects thru Capital Improvements funding	yes	
Authority to levy taxes for specific purposes	yes (through Elections)	
Fees for water, sewer, gas, or electric services	yes	
Impact fees for new development	NO	
Incur debt through general obligation bonds	yes	
Incur debt through special tax bonds	N/A	
Incur debt through private activities	N/A	
Withhold spending in hazard prone areas	N/A	

For plan updates, the plan maintenance process outlined in your previous plan requires all participating jurisdictions to incorporate the requirements of the mitigation plan into other planning mechanisms, when appropriate. A key element of effective implementation of mitigation is for the mitigation plan to be incorporated in existing authorities, policies, programs, and resources. Next to each applicable planning mechanism, indicate how your jurisdiction incorporated the previous mitigation plan. If no incorporation has occurred, please explain, including background information detailing any challenges preventing incorporation.

Planning Capabilities	Method of Incorporation Since Previous Plan or Challenges Preventing Incorporation
Comprehensive or Land-Use Plan	NO
Capital Improvement Plan	NO
Transportation Plan / Highway Department	NO
Emergency Operations Plan	For water
Local Recovery Plan	NO
Debris Management Plan	NO
Firewise or other fire mitigation plan	
Economic Development Plan	NO

Additional Questions

1. How is your government structure organized? (Commission, Mayor/City Council, how many members)

Mayor, City Council. 5 members

2. List any other past or ongoing projects or programs designed to reduce disaster losses, these may include projects to protect critical facilities. Be sure to include pending or approved projects submitted for FEMA mitigation grants. N/A

3. Describe any hazard-related concerns or issues regarding the vulnerability of special needs populations, such as the elderly, disabled, low-income, or migrant farm workers.

Storm warning sirens

4. How many outdoor warning sirens are in your community? 1

How are they activated (indicate responsible department/personnel)? Through our County (Morgan) or if not able through our police Department

5. Does your community utilize any other warning systems such as Cable Override, Reverse 911, etc? If so, please describe. NO

6. Does your community have designated public tornado shelters/saferooms? If so, are they constructed in accordance with FEMA standards? YES

Please provide address locations: Our School (Morgan County RI) built a new dome. 700 N. Oak

7. Identify residential, commercial and industrial development in your jurisdiction since last plan update.

~~STUDIO~~ Studio 52,
Changes in time
Stover millway

8. Describe development trends and expected growth areas. Is any new development expected to occur in the 100-year floodplain? Is any new development expected to occur in any other known hazard areas? If possible, please provide a map indicating potential/planned growth areas. *N/A*

9. Are any new facilities or infrastructure planned for construction during the next five years? If so, please provide facility name and purpose along with proposed locations, if known. ~~AD~~

Laundry mat in next 5 years.

10. Please list major employers in your jurisdiction with an estimated number of employees.

Schools

11. Please list Mitigation Planning Committee members who served during the development of the previously approved plan. Was the process set forth for monitoring the implementation of the previously approved mitigation plan adhered to? Did the Committee meet as was specified in the previously approved plan? Why or why not? *N/A*

12. Describe your jurisdiction's participation in the NFIP. Include information about how compliance with the NFIP is enforced locally. *We are not in a flood area*

VULNERABILITY ASSESSMENT

The purpose of this worksheet is to assess the vulnerable buildings, populations, critical facilities, infrastructure, and other important assets in your community by using the best available data to complete the table. Use the table on the next page to compile a detailed inventory of specific assets at risk including critical facilities and infrastructure; natural, cultural, and historical assets; and economic assets. In the natural hazard column of the asset inventory table, indicate (by assigned abbreviation) which of the following hazards the asset is vulnerable to:

Natural Hazards	
Flooding (Major & Flash) - RF	Drought - D
Levee Failure - LF	Extreme Temperature - ET
Dam Failure - DF	Severe Thunderstorm (incl. winds, hail, lightning) - ST
Earthquake - EQ	Severe Winter Weather (incl. snow, ice, severe cold) - SWW
Land Subsidence / Sinkholes - LSS	Tornadoes - T
Drought - D	Wildfire - WF

Critical Facilities and Infrastructure

A critical facility may be defined as one that is essential in providing utility or direction either during the response to an emergency or during the recovery operation. FEMA's HAZUS-MH loss estimation software uses the following three categories of critical assets. 'Essential facilities' are those that if damaged would have devastating impacts on disaster response and/or recovery. 'High potential loss facilities' are those that would have a high loss or impact on the community. Transportation and lifeline facilities are third category of critical assets; examples are provided below.

Essential Facilities

Hospitals and other medical facilities
Police stations
Fire station
Emergency Operations Centers

High Potential Loss Facilities

Power plants
Dams/levees
Military installations
Hazardous material sites
Schools
Shelters
Day care centers
Nursing homes
Main government buildings

Transportation and Lifeline

Highways, bridges, and tunnels
Railroads and facilities
Bus facilities
Airports
Water treatment facilities
Natural gas facilities and pipelines
Oil facilities and pipelines
Communications facilities

Economic Assets

Economic assets at risk may include major employers or primary economic sectors, such as agriculture, whose losses or inoperability would have severe impacts on the community and its ability to recover from disaster.

Asset Inventory

Please list critical facilities and other community assets, the square feet, values, and occupancy/capacity. If not applicable, enter "N/A". In the last column, use the codes from the previous page to indicate hazards to which the asset is vulnerable. Add as many rows as needed. If this information is available in GIS format, please provide.

Critical Facilities

Name of Asset	Address	Area (sq.ft.)	Replacement Value (Insured) (\$)	Contents Value (\$)	Occupancy/ Capacity (#)	Natural Hazards
Essential Facilities such as hospitals and other medical facilities, police and fire stations, Emergency Operations Centers						
Police Dept - City Hall	102 W 2nd St.					N/A
City Hall	107 W 2nd					
Fire Dept	205 West 1st Street					

Name of Asset	Address	Area (sq.ft.)	Replacement Value (Insured) (\$)	Contents Value (\$)	Occupancy/ Capacity (#)	Natural Hazards
High Potential Loss Facilities such as power plants, dams/levees, military installations, hazardous materials sites, shelters, day care centers, nursing homes, main government buildings (Do not include schools—they will be reported by the school districts)						
Golden Age Nursing Home Bristol Care	404 E 3rd St Le07 W 4th St.					
N/A						
Transportation and Lifelines such as highways, bridges, and tunnels; railroads and facilities, bus facilities, airports, water treatment facilities, natural gas facilities and pipelines, oil facilities, oil facilities and pipelines, communications facilities						

*If replacement cost data is not available, use the best available data (assessed valuation or other method for estimating cost) and explain any data deficiencies.

HISTORIC HAZARD EVENTS

Please fill out the sheet on the next page for each significant hazard event that affected **Your Jurisdiction**. **Make as many copies as necessary to record all events** and complete with as much detail as possible. This includes all events associated with the hazards listed below that have caused previous damage in your jurisdiction. It is especially important to capture events that either were not included in the previous Hazard Mitigation Plan or occurred since the plan was completed. Attach supporting documentation, photocopies of newspaper articles, or other original sources.

Jurisdiction	N/A
Type of event	
Nature and magnitude of event	
Location	
Date of event	
Injuries	
Deaths	
Property damage	
Infrastructure damage	
Crop damage	
Business/economic impacts	
Road/school/other closures	
Other damage	
Insured losses	
Federal/state disaster relief funding	
Source of information	
Comments

ASSESSMENT OF PREVIOUSLY PROPOSED ACTIONS

Jurisdiction: City of Stover

The contractor/plan development facilitator has provided a list of actions proposed in the previously approved plan for each jurisdiction. Use the worksheet below to evaluate whether each action is still current, feasible, desirable, and/or creates benefit that outweighs the cost.

- The worksheet should include information on the status of the action and progress made in implementation, if any. This includes:
- For **completed actions** provide a description of the implementation process. This may be a success story you would like to publicize in your community.
 - Some of the actions might have been **ongoing** in nature, such public information and education programs. When this is the case, indicate what activity has occurred during the previous five years, and indicate if this program is still viable enough that it should be carried on into the future.
 - If **no progress** has been made in the implementation of a given action, discuss why. Note that implementation is not a requirement. However, if no progress has been made, perhaps this is an action that would be appropriate to delete in the updated plan.

During review of the previously approved actions, consider whether any new actions should be proposed. Perhaps damages from a recent hazard event have indicated the need for new approaches to protect property and life. Review the problem statements from the updated plan for ideas. Also review the FEMA publication *Mitigation Ideas: A Resource for Reducing Risk to Natural Hazards (January 2013)*.

#	Action	Status			Description of Implementation Activities or Reasons for Lack of Progress	Keep - ✓ Delete - X Modify - M
		Complete	Ongoing	No Progress		
	UJVF

Community Assessment Survey

Name: Jennifer Hicks Title: City Clerk Contact Phone #: 573-377-4510
 Jurisdiction Representing: City of Stover Email: Jennifer@CityofStover.net

1. **Planning Capability:** Please indicate whether the following planning tools and programs are currently in place or under development for your jurisdiction by placing an "X" in the appropriate box, followed by the date of adoption/update. Then, for each particular item in place, identify the department or agency responsible for its implementation and indicate it's estimated or anticipated effect on hazard loss reduction (Positive Impact, No Impact or Negative Impact) also indicate if there has been a change in the ability of the planning mechanism to help in loss reduction. Finally, please provide any additional comments or explanations in the space provided.

Planning Tool	Status			Department or Agency Responsible	Effect on Loss Reduction: Positive No Impact Negative	Change Since Last Plan: Yes No	How Miller County HMP is integrated into other plans Other Comments
	In Place	Date Adopted or Updated	Future Development				
EXAMPLE: Hazard Mitigation Plan	X	1/1/2006		Morgan County EMD	Positive	No	Plan is in the process of being updated

Multi-Jurisdictional Hazard Mitigation Plan
Data Collection Questionnaire
For Small Local Governments

County: MORGAN

Jurisdiction: CITY OF VERSAILLES

Return by: _____

Please complete this data collection questionnaire as accurately and completely as possible as this information will appear in the mitigation plan. A data collection questionnaire must be completed for each "jurisdiction" that wishes to be included in the plan. According to FEMA's definition a jurisdiction is any local government, including counties, municipalities, cities, towns, school districts, special districts, councils of government, and tribal organizations. Any of these entities as well as publicly funded colleges and universities that do not participate in the planning process **will not** be eligible applicants for FEMA mitigation funding programs. Please note: School Districts and other Educational Institutions should complete the Data Collection Questionnaire indicated "For School Districts and Educational Institutions".

Additional Questions

1. How is your government structure organized? (Commission, Mayor/City Council, how many members)

MAYOR - CITY COUNCIL

NORTH WARD - 2 REPS

SOUTH WARD - 2 REPS

2. List any other past or ongoing projects or programs designed to reduce disaster losses, these may include projects to protect critical facilities. Be sure to include pending or approved projects submitted for FEMA mitigation grants.

3. Describe any hazard-related concerns or issues regarding the vulnerability of special needs populations, such as the elderly, disabled, low-income, or migrant farm workers.

4. How many outdoor warning sirens are in your community? 4

How are they activated (indicate responsible department/personnel)?

5. Does your community utilize any other warning systems such as Cable Override, Reverse 911, etc? If so, please describe.

NO

6. Does your community have designated public tornado shelters/saferooms? If so, are they constructed in accordance with FEMA standards? YES

Please provide address locations: 913 WEST NEWTON, VERSAILLES, MO - PAC @ MORGAN CRII SCHOOL

MORGAN COUNTY JUSTICE CENTER

7. Identify residential, commercial and industrial development in your jurisdiction since last plan update.

SUBDIVISION ON NORTH MONROE STREET

8. Describe development trends and expected growth areas. Is any new development expected to occur in the 100-year floodplain? Is any new development expected to occur in any other known hazard areas? If possible, please provide a map indicating potential/planned growth areas.

HOUSING DEVELOPMENT NORTH PART OF TOWN
POSSIBLE EXPANSION TO THE WEST AND EAST

9. Are any new facilities or infrastructure planned for construction during the next five years? If so, please provide facility name and purpose along with proposed locations, if known.

HOTEL/MOTEL POSSIBILITY

10. Please list major employers in your jurisdiction with an estimated number of employees.

MORGAN COUNTY R-II SCHOOL - 214
GATES CORPORATION - 465
WALMART - 15
GOOD SHEPHERD CARE CENTER - 115 (KIDWELL HOME)
QUALITY INDUSTRIES - 100

11. Please list Mitigation Planning Committee members who served during the development of the previously approved plan. Was the process set forth for monitoring the implementation of the previously approved mitigation plan adhered to? Did the Committee meet as was specified in the previously approved plan? Why or why not?

12. Describe your jurisdiction's participation in the NFIP. Include information about how compliance with the NFIP is enforced locally.

MAYOR IS FLOOD PLAN ADMINISTRATOR FOR CITY
CORRESPONDING w/ SEMA TO STAY CURRENT

VULNERABILITY ASSESSMENT

The purpose of this worksheet is to assess the vulnerable buildings, populations, critical facilities, infrastructure, and other important assets in your community by using the best available data to complete the table. Use the table on the next page to compile a detailed inventory of specific assets at risk including critical facilities and infrastructure; natural, cultural, and historical assets; and economic assets. In the natural hazard column of the asset inventory table, indicate (by assigned abbreviation) which of the following hazards the asset is vulnerable to:

Natural Hazards	
Flooding (Major & Flash) - RF	Drought - D
Levee Failure - LF	Extreme Temperature - ET
Dam Failure - DF	Severe Thunderstorm (incl. winds, hail, lightning) - ST
Earthquake - EQ	Severe Winter Weather (incl. snow, ice, severe cold) - SWW
Land Subsidence / Sinkholes - LSS	Tornadoes - T
Drought - D	Wildfire - WF

Critical Facilities and Infrastructure

A critical facility may be defined as one that is essential in providing utility or direction either during the response to an emergency or during the recovery operation. FEMA's HAZUS-MH loss estimation software uses the following three categories of critical assets. 'Essential facilities' are those that if damaged would have devastating impacts on disaster response and/or recovery. 'High potential loss facilities' are those that would have a high loss or impact on the community. Transportation and lifeline facilities are third category of critical assets; examples are provided below.

Essential Facilities

Hospitals and other medical facilities
Police stations
Fire station
Emergency Operations Centers

High Potential Loss Facilities

Power plants
Dams/levees
Military installations
Hazardous material sites
Schools
Shelters
Day care centers
Nursing homes
Main government buildings

Transportation and Lifeline

Highways, bridges, and tunnels
Railroads and facilities
Bus facilities
Airports
Water treatment facilities
Natural gas facilities and pipelines
Oil facilities and pipelines
Communications facilities

Economic Assets

Economic assets at risk may include major employers or primary economic sectors, such as agriculture, whose losses or inoperability would have severe impacts on the community and its ability to recover from disaster.

Name of Asset	Address	Area (sq. ft.)	Replacement Value (Insured) (\$)	Contents Value (\$)	Occupancy/ Capacity (#)	Natural Hazards
High Potential Loss Facilities such as power plants, dams/levees, military installations, hazardous materials sites, shelters, day care centers, nursing homes, main government buildings (Do not include schools—they will be reported by the school districts)

HISTORIC HAZARD EVENTS

Please fill out the sheet on the next page for each significant hazard event that affected **Your Jurisdiction**. **Make as many copies as necessary to record all events** and complete with as much detail as possible. This includes all events associated with the hazards listed below that have caused previous damage in your jurisdiction. It is especially important to capture events that either were not included in the previous Hazard Mitigation Plan or occurred since the plan was completed. Attach supporting documentation, photocopies of newspaper articles, or other original sources.

Jurisdiction	CITY OF VERSAILLES
Type of event	FLASH FLOOD
Nature and magnitude of event	FLOODING INTERSECTION - CAR SWEEP OFF
Location	INTERSECTION OF S/52 IN VERSAILLES
Date of event	JUNE 26, 2018
Injuries	
Deaths	NONE
Property damage	PERSONAL VEHICLE
Infrastructure damage	NONE
Crop damage	NONE
Business/economic impacts	AREA BUSINESSES EFFECTED UNTIL WATER RECESSED
Road/school/other closures	BRIEF INTERSECTION CLOSURE
Other damage	
Insured losses	
Federal/state disaster relief funding	NONE
Source of information	PERSONS ON SCENE / NEWS REPORTS
Comments

ASSESSMENT OF PREVIOUSLY PROPOSED ACTIONS

Jurisdiction: CITY OF OBERLIN

The contractor/plan development facilitator has provided a list of actions proposed in the previously approved plan for each jurisdiction. Use the worksheet below to evaluate whether each action is still current, feasible, desirable, and/or creates benefit that outweighs the cost.

- The worksheet should include information on the status of the action and progress made in implementation, if any. This includes:
- For **completed actions** provide a description of the implementation process. This may be a success story you would like to publicize in your community.
 - Some of the actions might have been **ongoing** in nature, such public information and education programs. When this is the case, indicate what activity has occurred during the previous five years, and indicate if this program is still viable enough that it should be carried on into the future.
 - If **no progress** has been made in the implementation of a given action, discuss why. Note that implementation is not a requirement. However, if no progress has been made, perhaps this is an action that would be appropriate to delete in the updated plan.

During review of the previously approved actions, consider whether any new actions should be proposed. Perhaps damages from a recent hazard event have indicated the need for new approaches to protect property and life. Review the problem statements from the updated plan for ideas. Also review the FEMA publication *Mitigation Ideas: A Resource for Reducing Risk to Natural Hazards (January 2013)*.

#	Action	Status			Description of Implementation Activities or Reasons for Lack of Progress	Keep - ✓ Delete - X Modify - M

Community Assessment Survey

Name: Sevire Porcaw Title: Mayor Contact Phone #: 573-5599 378-4634

Jurisdiction Representing: Versailles Email: city.versailles@srbcglobal.net

1. **Planning Capability:** Please indicate whether the following planning tools and programs are currently in place or under development for your jurisdiction by placing an "X" in the appropriate box, followed by the date of adoption/update. Then, for each particular item in place, identify the department or agency responsible for its implementation and indicate its estimated or anticipated effect on hazard loss reduction (Positive Impact, No Impact or Negative Impact) also indicate if there has been a change in the ability of the planning mechanism to help in loss reduction. Finally, please provide any additional comments or explanations in the space provided.

Planning Tool	Status			Department or Agency Responsible	Effect on Loss Reduction: Positive No Impact Negative	Change Since Last Plan: Yes No	How Morgan County HMP is integrated into other plans Other Comments
	In Place	Date Adopted or Updated	Future Development				
<i>EXAMPLE: Hazard Mitigation Plan</i>	X	1/1/2006		Morgan County EMID	Positive	No	Plan is in the process of being updated
Hazard Mitigation Plan	X	2018					
Emergency Operations Plan	X	2014					
Disaster Recovery Plan							
Evacuation Plan	X	2014					
Continuity of Operations Plan	X	2014					
NFIP	X	2021					
NFIP – Community Rating System							
Floodplain Regulations (Spec. NFIP Flood Damage Prevention Ordinance)							
Floodplain Management Plan
