

How to participate:

- ♻️ Your school must have recycling collection in place to receive classroom recycling bins. If you do not, you will need to commit to signing up for recycling collection or commit to delivering the recyclables to a recycling facility on a regular basis for the upcoming school year.
- ♻️ Please complete the attached form with your school's name, number of bins needed, delivery address, and current recycling contract information. This can be emailed to Ashley Long at the Mark Twain Regional Council of Governments.

More Information:

- ♻️ Funds are limited and the deadline to order recycling bins through the MTSWMD is April 8, 2024.
- ♻️ Upon receiving the bins, we ask that you take a photograph for a regionwide press release that will be distributed once all schools have received their bins.
- ♻️ A flyer with recycling education information will be provided.
- ♻️ Any feedback on the recycling bins is encouraged, such as educational tools used to inform students, recycling lesson plans, etc. Please send your information to Ashley Long.
- ♻️ You will be provided with signage to post noting the bins were donated by the District and DNR.

If you have any questions, please reach out to Ashley Long at 573-565-2203 or at along@marktwaincog.com
